MINING PROPERTY SUIT SETTLED OUT OF COURT

The suit between the Pittsburg Silver Peak Mining company and T. H. Stowell and others has been settled out of court, the company agreeing that it will release the defendants from all obligations for costs or

a money judgment in consideration of the defendants relinquishing all claims to the property of the company.

The property in question was a claim of the Pittsburg Silver Peak Mining company, upon which the defendants made locations, and by right of that claimed the property. The company held that it had previously located the property and had performed assessment work properly, but that the assessment work had been surrounded by a bunk house and hence could not be seen. The company also held that its location posts had fallen.

The property which was in litigation has upon it something like \$70,000 in improvements, including the company mill.

DOCTORS CAN'T SEE ELY GIRL'S SHOULDERS

ELY, Feb. 16.—When three medicals, appointed by the court to examine the shapely shoulders of pretty Miss Nina Plassner in order to determine if she had been whipped by her school teacher called at the

young lady's home in this city to perform their task their right of authority was denied by the girl's mother. She refused to allow the physicians to examine her daughter's shoulders and the medicals departed without accomplishing their task. It was alleged by Miss Plassner and her parents that the teacher, James Cullen, had whipped her severely across the shoulders and he demanded that the girl be examined.

It's NOT Too Late TO SAVE \$100 Every Month

Though January has passed annual statements of foreign corporations can be published and filed in February (leaving a possible fine of \$100 for January only.) Foreign corporations that fail to comply with the requirements of the statutes are subject to a fine of \$100 for EACH MONTH in which they are delinquent. Those who have not published their statements are reminded that any District Attorney may claim the fine by instituting suit against the offending corporation. If the report is not advertised and filed during the month of February, the company becomes subject to a fine of another hundred dollars, and so on for every month in which it is delinquent. Here is the law on the subject, which will repay careful study:

Chapter CVIII.—An act requiring foreign corporations doing business in the state of Nevada to publish annual statements. Approved March 28, 1901.

Section 1. All foreign corporations doing business in the state of Nevada, shall, during the month of May this year, 1901, and in each succeeding year in the month of January, publish a statement of their last years' business in some daily newspaper in the state of Nevada for the period of one week.

Sec. 2. The secretary of the company publishing the statement shall file a copy with the several assessors of the state of Nevada.

Sec. 3. Any corporation coming within the provisions of this act who shall neglect or refuse to file a statement as required by section 1 of this act shall be liable to a penalty of \$100 for each month that the published statement remains unfilled with the several assessors of the state.

Sec. 4. Any district attorney in the state is competent to sue to recover this penalty, or the attorney general. The first county suing through its district attorney shall secure the penalty.

It will thus be seen that there is a stiff liability attaching to a failure to file these reports. The Bonanza furnishes forms to comply with the above law for advertising purposes and attends to filing same with the fourteen assessors of the state. Those interested are invited to correspond with this office at once.
